

### **california early history commercial pdf**

Starting in the early 1800s, commercial viticulture in California was mostly based in Southern California. California's first documented imported European wine vines were planted in Los Angeles in 1833 by Jean-Louis Vignes, the first commercial wine maker in the state. William Wolfskill, another major early wine maker in California, purchased his first vineyard in 1838 in the Los Angeles area.
