Cognitive Styles, 3 Judgment is the final facet of personality and deals with a person's approach to making decisions; a thinking person tends to be analytical and logical while a feeling person tends to judge based on values.

### **Cognitive Styles: A Review of the Major Theories and Their**

cognitive styles and learning strategies, aiming to find some implications for language teaching and learning. Finally, some suggestions on improving teaching will be given. 2. Researches on the Relationship between Learning Styles and Learning Strategies Obviously, learning styles and learning strategies are different.

### **A Study of the Relationship between Cognitive Styles and**

Cognitive/Learning Styles Cognitive styles refer to the preferred way an individual processes information. Unlike individual differences in abilities (e.g., Gardner, Guilford, Sternberg) which describe peak performance, styles describe a person's typical mode of thinking, remembering or problem solving. Furthermore, styles are usually ...
