Historical development of the concept of the color. Originally, the name lavender only applied to flowers. By 1930, the book A Dictionary of Color identified three major shades of lavender—"floral" lavender, lavender gray, and lavender blue, and in addition a fourth shade of lavender called old lavender (a dark lavender gray) (all four of these shades of lavender are shown below).

Hi, Thanks so much for this. It's great! Just one thing, the print order is not the same as shown in your pictures- instead of the ring on the left and the honeymoon car on the right, the PDF has the pages in order as they would be in the book, so the page with the ring on the left has the cake on the right, which does not work for printing.
