Step 4: Determine how much money you're going to spend each year on security. Step 5: Research solutions to help you meet your security goal within your security budget. If a solution doesn't exist in your price range, get creative! Step 6: Implement missing controls.

Common Sense Security Framework

COMMON SENSE Thomas Paine (February 14, 1776) Paine, Thomas (1737-1809) - An Englishman who came to America in 1774, he was a political philosopher who promoted change through revolution rather than reform. Paine is most renowned for his activities advocating democracy. Common Sense (1776) - This

1776 COMMON SENSE Thomas Paine (February 14, 1776)

Every American is justifiably concerned about what is called "homeland security". The constitutional "common sense" of how "homeland security" should be structured has received all too little attention, however. True "homeland security" arises directly out of the constitutional duty of the President to "take Care that the ...

COMMON- SENSE RESTRUCTURING OF "HOMELAND SECURITY

> *SECURITY means a wide range of security-related activities are audited, including: New Breakouts and selections in V5R3 n changing an object's audit value or a user's audit setting
