- [Instructor] In addition to using conditional formatting to apply a background color or font change or a border, we can also use a feature called data bars. And in this worksheet called data bars, we're selecting column D first of all, we want the difference in the years to stand out a bit. Conditional formatting on the home tab, data bars, and as I slide over these choices ...

In October of last year, A+E Networks filed a trademark application asking for priority consideration for their use of the clunky name Buried: Knights Templar and the Holy Grail for a new television series. The U.S. Patent and Trademark Office moved with exceptional speed to grant A+E the use of the name, which they slapped on a program that began airing last week on the History channel as ...

The area of study known as the history of mathematics is primarily an investigation into the origin of discoveries in mathematics and, to a lesser extent, an investigation into the mathematical methods and notation of the past. Before the modern age and the worldwide spread of knowledge, written examples of new mathematical developments have come to light only in a few locales.
